Castellano

Christoph Mertens (Berlín 1966) vive y trabaja en Barcelona desde el año 2003. Si bien en algunos aspectos, especialmente en el concepto minimalista y racional propio de su origen alemán, conserva la rigidez ideológica constructiva, en otros se nota el arraigo mediterráneo que le hace un escultor tremendamente sugestivo y a la vez universal. En los ÁNGELES de THE MIRROR se aprecia la pasión y la calidad de un artista

English

Christoph Mertens (Berlín 1966) has lived and worked in Barcelona since 2003. There are certain elements of his work, particularly the rational minimalism typical of his German roots, which preserve a certain ideological rigidity. The combination with his burgeoning Mediterranean influence has made this sculptor tremendously suggestive and of universal appeal. With the ANGELS at THE MIRROR we are able to appreciate the quality and passion of this particularly significant artist.

Christoph Mertens (Berlino 1966) vive e lavora a Barcellona dal 2003. Sebbene sotto certi aspetti, soprattutto per quanto riguarda il concetto minimalista e razionale appartenente alle sue origini tedesche, abbia conservato la rigidità ideologica costruttivista, sotto altri aspetti emerge lo spirito mediterraneo che lo rende uno scultore fortemente suggestivo ed universale. ANGELS OF THE MIRROR esprimono la passione ed il calore di un artista particolarmente significativo.

Deutsch

Christoph Mertens (Berlin 1966) lebt und arbeitet seit 2003 in Barcelona. Wenngleich er in einigen Aspekten eine ideologisch-konstruktive Strenge beibehält, besonders im rationalen, minimalistischen Konzept, das auf seine deutsche Herkunft hinweist, so merkt man ihm doch die mediterrane Verwurzelung an, die ihn zu einem äußerst suggestiven und gleichzeitig universellen Bildhauer macht. In den ANGELS, den Engeln des THE MIRROR spürt man die Leidenschaft und Klasse eines bedeutenden Künstlers.

Скульптор Кристоф Мертенс (Берлин, 1966 г.) живет и работает в Барселоне с 2003 года. В некоторых аспектах творчества, особенно в минималистской и рациональной концепции, свойственной немецкой школе, Кристоф сохраняет конструктивную идеологическую прямоту. В других же моментах чувствуется влияние средиземноморской культуры, что делает его работы чрезвычайно привлекательными и в то
